## Role of Saudi Arabia in the Rothschild Mafia Syndicate & the Terrorist Petro-Dollar Bush Family

Saudi Arabia's Role in the Rothschild Mafia Syndicate

<https://www.youtube.com/watch?v=9HB8Gvy84iM>

Fall 2018

### Not Just another End-Times News Report

So what the heck is going on in Saudi Arabia? I'm gonna give you two answers, eh! one from a *secular perspective* and t'other from an *eschatological perspective of Biblical prophecy*.

Firstly, from a *strictly secular standpoint*, what's happening is that the **Rothschild New World Order international fiat-money syndicate**, which has been *pushing for global governance*, has worked through **Saudi Arabia** for years... but the *old guard* that was so useful in the past has grown complacent and they've been slow to take the drastic *actions that the New World Order has pushed for* - actions that would result, *for example*, in a *coalition of nations* going to *war with Iran*, which is one of the primary goals. This would be a war that would end up pitting the **United States, Israel, Saudi Arabia**, along with their allies and "*our allies*" on one side of the up-coming conflict... with **Russia, Syria, and Iran** along with their various allies on the other side of the conflict - *in short, World War III* - which is what they're pushing for! but if we look at this from... *say... a biblical perspective*, we're not only seeing *geopolitical movements* that are the *precursors* to some of the *major end times battles* spoken of in *Scripture*. but we're also seeing the beginning of the building of a *massive financial block* between the *holy cities of Mecca and Medina* in Saudi Arabia with a *third financial center* called **Jeddah** - *which is third of a triumvirate of cities in close proximity on the western side of the Arabian Peninsula*. These *three cities together form one of the world's most powerful financial districts* - potentially on par with **Rome, London and New York City**.

### Mystery - Babylon the Great

*The mother of all harlots and of the abominations of the earth*

In the *apocalyptic book of Revelation* - chapters 17 & 18 - **St-John the Divine Evangelist** envisions a *great harlot* - but the whore isn't just a prostitute... she's a *murderous queen*... and, in her hand, she's holding a *golden cup filled with abomination* (cf. the simplicity of *Sangréal*). The bitch is richly adorned in *scarlet* and *gold* and *purple* fabric, and precious stones are strewn about her... all the wealth and luxuries of the world... for this slut hath seduced all the *kings of the earth*. St. John sees the dirty cunt riding upon a *great and terrible beast with seven heads and ten horns*.

Now there are several theories about who or what this harlot represents in real life - students of eschatology are going to debate theories endlessly, but [ ] this *new global financial power center being built in Saudi Arabia* is *indeed the prophesied harlot*. There are significant similarities which we can look at, but just look at what is happening in Saudi Arabia right now! It is very big news: *in essence*, we are witnessing a *massive power grab* by one faction of this *new Mossad-backed international mafia* against the older faction of the family; and Saudi Arabia, traditionally supported by the **CIA**, adding to the complexity of the whole thing, is in truth *the CIA itself*! which is completely under control of the *Rothschild syndicate*... who are in the process of working both these factions against one another... investing in both sides, so as no matter who comes out on top in the fight... their **New World Order** wins. (Those of you who are familiar with the *methods of the Rothschild banking dynasty* should immediately recognize this tactic of financing and funding and supporting both sides too reap the benefits of the victor. Well, the intrigue in this story is so spectacular I hardly know where to start - but it requires much preparatory knowledge and someone who's brand new to this story on the relationship between Saudi Arabia and the powerful *reptilian Black Nobility* and *Luciferean Illuminist families* of the

*warmongering Zionist Rothschild New World Order international fiat-money terrorist sex-slave & drug syndicate*. For example, you may or may not know *that* both the **CIA** and **FBI** helped cover up *the role of Saudi Arabia in the 9/11 attacks* ever since it happened back in 2001.

What we know for certain is that *at least two of the alleged hijackers* were *living in an apartment owned by an FBI informant before 9/11*. We know *that* some of the men were *meeting with Saudi nationals who were living in Sarasota, Florida*; and *these same men fled the country abruptly*. We know from the **28 pages of the redacted 911 report** that **Saudi charities** were *funneling money to help fund the 9/11 operation*, including *sending money to an "Manchurian" assassin cell*. More-so, the top five floors of the **Mandalay Bay Hotel** in Las Vegas (i.e. from the 35<sup>th</sup> through to the 39<sup>th</sup>) is actually a *separate hotel* called the **Four Seasons Hotel** - having *its own separate entrance, accessed by a set of private express elevators*... and, well aback in 2007, *two of the world's richest men* **Bill Gates** and **Al Waleed bin Talal**, a Saudi prince, joined forces to buy *majority ownership* of this Four Seasons Hotel (on top of the Mandalay Bay), which cost *around four billion dollars*. Acting through his company **Kingdom Holding**, Prince Alwaleed owns about 45% of the shares - and Bill Gates, through his company **Cascade Investment**, also owns about 45% of the shares. Both billionaire members of the New World Order.

The Saudis routinely use these top-most five floors for different purposes.

**Bill Gates** is known for pushing *gun control* - and is an eugenicist: His father was big in eugenics and "Willy" has funded *forced vaccinations* all around the world. Moreover, he owns a very large stake in the *globalist propaganda platform Twitter* - *that is quick to ban anyone who talks about the wrong things!* **Prince Alwaleed** owns a large stake in **Apple** - and when it comes to the media... he is the Saudi Arabian version of *neocon Zionist Rupert Murdoch* - who owns **Fox News**, the **Wall Street Journal** and other sech publications.

### The Four Horsemen of Banking

**Prince Alwaleed of Saudi Arabia** was *recently arrested for corruption* as part of a *purge of potential political enemies* by the diabolical **Saudi Crown Prince Mohammed bin Salman** with the backing of his father - **King Salman of Saudi Arabia**.

Prince Alwaleed owns a sizeable stake in one of the largest banks in the world - **Citigroup** (based in New York City), which be - along with the **Bank of America**, **JP Morgan Chase** and **Wells Fargo** - what is known as *one of the "Four Horsemen" of banking* - and speaking of banking! the **Saudi bankers** are very, very much in bed with the **Federal Reserve**.

Mark: A savvy Saudi banker revealed information that had never been released publicly before... about who it is that owns the majority stakes... majority shares in the Fed! to one of their *oil industry allies* - a man named **JW McCallister** - and he did a whole lot of *oil business* with the **House of Saud**. Well, the *intel* revealed *that 80% of the New York Federal Reserve Bank* (which is the largest of the of the Fed banks) was *secretly owned by just eight families!*

*These crooks are robbing us blind.*

The families of at the top of the list are: the **Rothschilds of Paris and London**, the **Rockefellers of New York**, the **Goldman Sachs of New York**, the **Lehman Brothers**, and the **Kuhn / Loeb families of New York**... and the notorious **Warburg family**. the **Lazard's of Paris**, and the family of **Israel Moses Sharif of Rome**. These are the main banking

power players when it comes to the Federal Reserve; these are the people who are pulling the strings from behind the scenes... these are the ones using their vast wealth and political influence to cause wars and conflicts that benefit them and their financial investments... and there are plenty of *sub families* (i.e. "Houses") that do business with these crooks. They're all in bed with each other!

Now, for those of you whom may be skeptical that there really are these powerful families in the Amerikkka that are engaging in absolutely wicked business practices with very, very evil people around the world... - if that sounds like *conspiracy theory* to you!? let me give you an example of this: I want to briefly mention how the **Bush family** (in the United States) is *intimately connected* with the **bin Laden family** - *one of the most prominent families in Saudi Arabia*. Further, we know that **Osama bin Laden's father** - whose name was Mohammed - *used to be the richest man in Saudi Arabia outside of the royal family*; moreover, Mohammed bin Laden owned *a billion-dollar corporation* today known as the **Saudi bin Laden group** - *a huge construction conglomerate behind some of the biggest building projects in Saudi Arabia*.

Now, reader, jump back to 1972, whence **Mohammed bin Awad bin Laden dies in a plane crash** <sup>1</sup> on the way to marry his 23<sup>rd</sup> wife, his oldest son Salem bin Laden then took over the corporation - and this business is now based in the Saudi Arabian city of Jeddah.

#### Bonesman GHW Bush & the CIA

**Former-President GHW Bush** father of former-President GW Bush was connected with the CIA from *at least 1953*, when operatives inside the agency, including **Thomas Divine**, helped the senior Bush to set up his *first oil venture* - **Zapata Petroleum Corporation**.<sup>2</sup>

<sup>1</sup> This is not the only time members of the bin Laden family perished in aircraft accidents: In 1967, the *Beechcraft plane* carrying **Mohammed bin Laden** crashed while was trying to land on a mountain airstrip in Saudi Arabia's southern Asir. Then, in 1988, **Salem bin Laden** - elder half-brother of Osama - died from head injuries when his *aircraft plunged more than 150 feet* to the ground into *high-voltage power lines* in San Antonio, Texas: (After his father's death he became the patriarch of the family and, taking the reins of its vast property portfolio, supported the family financially during the **Mecca uprising of 1979**). And, in 2015, the £7 million *Embraer Phenom 300 jet* owned by the bin Laden family-run *Salem Aviation company*, carrying bin Laden's stepmother Rajaa Hashim and sister Sana - *both respected philanthropists supporting local orphanages and sponsoring children's education in Saudi Arabia*, along with Sana's husband Zuhair Hashim - *an architect and a scientific researcher and writer*, as well as their *Jordanian pilot*, came flying down *"as though a missile"* and crashed after overshooting the runway while trying to land at a Hampshire airport - killing them all. This was the third time members of bin Laden's extended family have fallen victim to a plane crash.

<sup>2</sup> **Zapata Petroleum Corporation** was founded in 1953 by future-President **George Herbert Walker Bush**, along with his business partners **John Overbey**, **Hugh Liedtke**, **Bill Liedtke**, and **Thomas J. Devine**.

*Overbey* was a 'landman,' skilled in *scouting oil fields and obtaining drilling rights cheaply*. *Bush and Devine* were *oil-wildcating associates*. Their joint activities culminated in the establishment of **Zapata Oil**. The company was started with assistance from **Allen Dulles** and (fellow Bonesmen) **H. Neil Mallon**; the **Liedtke brothers** and their circle of investors, Bush's father **Prescott Bush** and his maternal grandfather **George Herbert Walker** - an investment banker, and their family's circle of friends, put up the *initial \$1 million investment for Zapata*. Walker was instrumental in raising some startup capital from bringing in others, such as **Eugene Meyer** (owner of the *Washington Post*, whose investments were handled by **Brown Brothers Harriman**).

Hugh Liedtke was named president. Bush was vice president. Overbey soon left.

**Thomas J. Devine** was a *CIA staffer* who had resigned his agency position that same year to go into private business, but *who* continued to work for the CIA under commercial cover. In 1954, **Zapata Off-Shore Company** was formed as a subsidiary of Zapata Oil, with Bush as president of the new company. He raised some startup money from Eugene Meyer and his son-in-law, **Philip Graham**. Zapata Oil was never notably profitable in the usual commercial sense, and seems to have worked more as *a front for a range of espionage and covert operations*. And Zapata's explorations appear to have been lead more by *"Deep State"* politics than by *commercial or geological factors*.

According to a GHW Bush-biographer **Nicholas King**, in the late-1950s and early-1960, Zapata Off-Shore concentrated its business in the Caribbean, the Gulf of Mexico, and the Central American coast. The *US government* began to auction off mineral rights to these areas in 1954. In 1958, drilling contracts with the seven large US oil producers included wells 40 miles (64 km) north of Isabela, Cuba, *near the island Cay Sal*. In July 1959, *Cuba's Batista government* was overthrown by **Fidel Castro**. Zapata *also* won a contract with **Kuwait**.

In 1962, Bush was joined in Zapata Off-Shore by a fellow **Bonesman Robert Gow**. By 1963, **Zapata Off-Shore** had four operational oil-drilling rigs—Scorpion (1956), Vinegaroon (1957), Sidewinder, and (in the Persian Gulf) Nola III.

Zapata we know that Bush himself was working as a secret operative for the CIA and that he played a role in the assassination of President John F Kennedy and we have several pieces of evidence to confirm this including a memo that was written by the FBI director J Edgar Hoover the day after the assassination

the memo specifically states that George Bush from the CIA was in Houston on the day of the assassination we also have a photo of George HW Bush taken in Houston on the day JFK was killed and of course Bush denies all this but well what Bush says is that the guy in the photo isn't him and that J Edgar Hoover must have been talking about a different George Bush because he was three hours away in Dallas on the day of the assassination which is bullcrap and by the way if you haven't heard this yet among the JFK evidence that was just Declassified in the last week or so there is a memo dictated by J Edgar Hoover two days after the Kennedy assassination let me read the exact quote from this to you the memo reads quote the thing I am concerned about is having something new something issued so we can convince the public that Oswald is the real assassin we all know that Oswald said that he was being set up as the Patsy for this operation to kill the president and J Edgar Hoover's memo seems to confirm it

well anyway President Gerald Ford was our president in the early 70s President Carter was in office during the late 70s well during that time George HW Bush he served for a time as the CIA director he was actually CIA director for a part of both of those presidents terms and is during the 1970s that the CIA was ramping up these covert efforts to create a Muslim jihadists networks and George Bush directed some of that effort as the director of the CIA the CIA was using a dirty offshore bank

CIA was using this dirty offshore bank to funnel money to their money man in Pakistan and Afghanistan this guy named Osama bin Laden in the name of the bank that they created for this operation it's called the bank of credit and commerce international the BCCI

so the BCCI was the bank for drug and arms traffickers the CIA laundered hundreds of millions of dollars through BCCI to Osama bin Laden to dole out for the operations of the Afghan and Arab fighters who later came to be known as al-Qaeda between 1977 and 1979 the Zionist cabal put George HW Bush to work as the director of the Council on Foreign Relations that's big a lot of people don't know that about George HW Bush.

#### Concluding Remarks

After bin Laden was killed in the famous raid in Pakistan on 2011 May 02, the Obama administration said his body was buried at sea off the USS Carl Vinson - in accordance with Islamic tradition. But in a particular set of emails given to WikiLeaks, the firm's vice president for intelligence, Fred Burton, says he doubts the official White House version of what happened to bin Laden's body. Stratfor's vice-president for intelligence, Fred Burton, says the body was 'bound for Dover, [Delaware] on a CIA plane' and 'onward to the Armed Forces Institute of Pathology in Bethesda [Maryland]'. The claims are sure to stoke conspiracy theorists, especially since the Armed Forces Institute of Pathology that Burton refers to closed its doors on 2011 September 15, four months after bin Laden's death.

In another email, Burton said: 'If body dumped at sea, which I doubt, the touch is very Adolf Eichmann like. The Tribe did the same thing with the Nazi's ashes'. 'Eichmann - a Nazi lieutenant and a major architect of the Holocaust - was seen alive for many months on trial before being sentenced to death and executed. No one wanted a monument to him so they cremated him.' War crimes and crimes against humanity were among the charges he faced when he was found guilty in an Israeli court in 1962. He was hanged, cremated, and his ashes were spread over the Mediterranean Sea.

Sieg Heil...

In 1960, **Jorge Diaz Serrano of Mexico** was put in touch with Bush by **Dresser**. They created a new company - **Perforaciones Marinas del Golfo aka Permargo** - in conjunction with **Edwin Pauley of Pan American Petroleum**, with whom Zapata had a previous offshore contract. The deal with Pemargo is not mentioned in Zapata's annual reports: (A *Bush spokesman* in 1988 *claimed the deal only lasted seven months - from March to September 1960*). Zapata sold Nola I to Pemargo in 1964.
